FROSH MEET MOVED

Bob Bronzan's freshman group meeting today at 12:30 has been transferred from the Morris Dailey auditorium to Room 112 in the Science building, according to Dean of Men Paul Pitman.

COME JOIN THE BAND

"That trip to the Idaho game was a milestone for me. I had never taken such a long trip by air. You must take a trip like that some day."

Familiar sentences?—they should be, for the above is a direct quote from "Just Among Ourselves" in yesterday's Spartan Daily.

Yesterday, Dr. MacQuarrie suggested that every student should take a trip. Today, he vetoed a proposed bus trip to Santa Barbara by the San Jose State college band. Yesterday, Dr. MacQuarrie said he would oppose any move on campus toward a bonfire rally for either the COP or Fresno State games on the grounds that they are injurious to the student body and the community in general. Today, our President turned down a proposal by the Rally Committee which would have taken minds off bonfires, and turned them into more worth-while channels—trips to out of town games.

President MacQuarrie gave a long list of solid reasons why bonfires should be abolished, but here are three he gave today for calling off the band trip to Santa Barbara:

1. Over one hundred students would miss an entire day of school, thereby cutting the revenue from attendance.
2. A 600 mile trip by bus is unwholesome.
3. Such a trip would give undue prominence to the Santa Barbara game.

Now, just one minute if you please. UCLA, also a State of California institution, sent its entire band to the California game in Berkeley two weeks ago, and ten thousand students came along on their own hooks. Judging from his second objection, it would seem that Dr. MacQuarrie has taken the tune "Love on a Greyhound Bus," a bit too seriously. Exactly what is meant by "giving undue prominence to the Santa Barbara game" slips us for the moment, but it is doubtful that the Spartan varsity feels that way about the Gaucho encounter. In fact, if reason number three is legitimate, then there was absolutely no reason for sending the band to the end of Seventh street for the Willamette game.

As a Los Angeles writer said after the Santa Clara-UCLA football game last week, "UCLA is still one of the top four teams in the nation. Santa Clara is still the place prunes come from." He might have added San Jose State college.

WORLD NEWS IN BRIEF

A Summary of World News to 11 O'clock Last Night from the United Press Teleprinter in the Spartan Daily Office.

Molotov Wants Immediate Action

UN ASSEMBLY HALL, FLUSHING MEADOWS—Russian Foreign Minister Viacheslav Molotov called on the UN general assembly and the government of the world yesterday to start at once on a sweeping program of universal armament reduction, including the abolition of atomic warfare.

US Ready to Accept Bomb Plan

Barnard M. Baruch, US delegate to the United Nations atomic energy commission, said last night that the United States is ready to accept the Russian plan for outlawing the bomb and destroying our present stock but it must first know that all other countries are prevented from bomb-making.

Consumer Goods off Price Control

WASHINGTON—The OPA last night removed price controls on a large number of consumer goods, including radios, lamps, and kitchenware.

The agency took this action, it said, because supply is equal to demand on most items and the others are unimportant in the cost of living.

Arabs Demand Oil Cancellation

JERUSALEM—The Palestine Arab higher committee intends to cable King Ibn Saud demanding immediate cancellation of American oil rights in Saudi Arabia as a result of President Truman's letter to the monarch, a reliable Arab source said yesterday.

Marine Negotiations Off

SAN FRANCISCO—Striking Marine engineers broke off negotiations with Pacific shipowners yesterday, dashing all hopes for an early and complete settlement of the costly maritime strike.

Rubber Workers Demand Pay Increase

SOUTH BEND—The CIO United Rubber Workers, the union that set the pace for the CIO's 18½ cent hourly strike settlement raises last year, yesterday set the pattern for post-OPA wage proposals by demanding a 26-cent hourly pay increase for all workers in the rubber industry, effective Nov. 1.

Forces Capture Communist Sections

NANKING—Victorious government forces, speeding up their offensive in Manchuria before heavy snowfalls can bog them, captured communist-held Tunghwa and Linkiang on the main railroad to north Korea, unconfirmed Peiping news dispatches reported yesterday.

BAND'S TRIP TO SANTA BARBARA GAME CANCELLED

Cancellation of the marching band's appearance at the Santa Barbara-San Jose State college game Friday night, was announced yesterday by Bob Johnson, Rally committee chairman.

Dr. T. W. MacQuarrie gave the cancellation order when several students attempted to get a presidential excuse from Friday's classes.

Deduction of more than \$300 from the college's operating funds and the health hazard were Dr. MacQuarrie's main objectives to the band's proposed trip.

"I cannot excuse more than 100 students from classes," said Dr. MacQuarrie, "because we are paid by the state for our attendance. I consider a 600 mile trip (in the space of time allotted for this trip) by bus to be unwholesome, and I feel that sending our band to Santa Barbara would attach more prominence than the game deserves."

The California state legislature pays this college an approximate three dollars per student each day of scheduled classes. We lose that amount for each absence.

In support of President MacQuarrie's stand it was reported yesterday afternoon that Men's P. E. Department Head "Tiny" Hartranft did not want the band to go to Santa Barbara because he had "hoped it would play at the Fresno-San Jose Jay-Vee game at Spartan stadium Friday night."

This is the Jay-Vee's big game of the year, an attempt has been made to sell the contest to the San Jose public, and it would be best from that standpoint if the band played here, he is declared to (Continued on Page 4)

Japanese Hear SJSC Pianist

"This is Radio Tokyo. We take great pleasure in presenting a piano solo by Corporal Benning Dexter."

Twice weekly on the American controlled Japanese radio, Corp. Dexter, (Mr. Dexter, of the music department again) broadcasts to the people of Japan.

One of the outcroppings of this broadcast was an album of records which were made in Japan for local consumption by the Japanese subsidiary of Columbia records. These records are not on sale in the United States, but a copy of the album has been given to the Library's record collection by Mr. Dexter.

The album includes four piano solos by Mr. Dexter, and four by Milton Goldin, GI violinist from New York.

Mr. Dexter's solos include Chopin's "Etude in G, Sharp Major" and "Waltz in C Sharp Minor; Schubert's "A Moment Musicale" and "Prelude in G, Sharp Minor by Rachmaninoff."

These numbers and the four solos by Mr. Goldin were chosen by the recording company because of their popularity with the Japanese people.

In conjunction with his broadcasts, Mr. Dexter served with an Army Ground Forces show, doing spot numbers with road presentations on the island of Honshu. He also gave several concerts and recitals.

'YOUNG FOLKS'

Dear Thrust and Parry:

What's the idea of canceling the marching band's first real appearance in support of the flying Golden Raiders? Is it the administration's conception that the student body is now composed of nothing but panty-waists?

If so, they are just a little off the track. About 60 per cent of the students now enrolled in SJSC are veterans who have been "around a little bit." Didn't Guadalcanal, Battle of the Bulge, Sicily, Iwo Jima, and finally Tokyo prepare these boys for life?

What possible objection can anyone have against the band's going to Santa Barbara to give our team a real bit of support, and Santa Barbara a show of just what Staters can do?

Don't they trust the "young folk" out after dark? It isn't a case of "where's the money coming from," for the band has the necessary funds allotted, and on the line.

Here are a few arguments for this appearance:

1. Reservations have been made with the Greyhound line to furnish the necessary transportation. The bus is waiting—Where the hell are the kids?

2. The band has gone to a lot of trouble organizing and practicing routines that will show Santa Barbara what a swell music department we have here.

3. Also, the band members give their solemn little promises to be good little children while out from under alma mammy's wing.

4. Patrons have already consented to take the responsibility of keeping order in the chaos.

5. These kids receive few units and almost no credit for all the hours spent in giving you fellow Spartans something to be proud of. Why can't they have this chance to build up the name of this college?

Come on gang. Put your pressure on our old maidish policies and get this school on the map.

(Further endorsees will be found on page four)

BLOOD DONORS GIVE PINTS

San Jose State college day, sponsored by the Spartan Knights, will inaugurate the opening of the Civilian Blood Donor Service for Santa Clara county tomorrow. Marty Taylor, Jackie Popp, Howard Brose, and two faculty members will be among the donors.

With Santa Clara county's blood quota set at 70 pints per week, the college will supply 20 pints by sending a delegation of students to give their blood each week. Letters have been sent to campus organizations asking their cooperation in the project.

In order to be able to donate blood, students must be 21 or over. Minors must secure a release slip to be signed by their parents. There is no race discrimination concerning blood donors, and any student interested in the service or desiring a release slip should contact Brose, Spartan Knights representative.

Cafeteria Lunches Will be a La Carte

Due to increased food costs, the San Jose State college cafeteria will no longer offer the 40 cent plate luncheon to students, Mrs. Henry Wendt, cafeteria director announced yesterday. Beginning Friday, all food will be served a la carte, with students paying for each item separately.

According to Mrs. Wendt, there will be a choice of entree with varying prices covering the food costs. "The cafeteria is run on a non-profit basis, but we must meet our expenses. Until prices go down or adjust to a steady level, we are taking this method of giving the students a larger choice of food and the most for their money," said Mrs. Wendt.

NAVY PAPERS LOST

LOST—Blue notebook containing original Navy records and other valuable papers, including notes on anatomy and history. Name K. B. Agee will be found in the notebook. Please return to lost and found office.

Honolulu vs. State Movies Moved

Movies of the football game between the Honolulu All-Stars and San Jose State college will be shown today in room S112 in the Science building instead of the Morris Dailey auditorium as originally planned. The films will be shown at 11:30 and again at 12:10.

Room S112 will be a better place for the movies, since it can be made darker than the auditorium. Coach Bob Bronzan will be there to give a play-by-play description.

Admission fee of 10 cents will be collected at the door to help the Community Chest drive.

SENIOR COUNCIL ELECTION SLATED

"The election of a class council will be the first business to be taken care of at a meeting of the seniors tomorrow," said Jan Hagarty, class president.

The meeting will be held in room 24 at 6:30 and it is hoped that a majority of the class will attend. Thursday evening has been chosen as the regular meeting night this quarter.

Plans for a Junior-Senior get-together are being made by Nancy Duncan, senior, and Sal Millan, junior. Other senior activities being scheduled for this quarter include a council dinner and a senior overnight.

AWA Makes Final Plans for 'Shipwreck'

AWA will make final plans for the jinx, "Shipwreck" at today's meeting in room 24 at 4:30. This will be the last meeting held before next Wednesday night's party. Everyone willing to help is asked to attend.

Barbara Hill and Grace Parent, co-chairmen of the affair, are expected to explain the theme "Come as you were when the ship went down."

Frances Boden, recreation chairman, will give a report on the Sacramento Play Day to be held Saturday.

FROM HUNGER

By TOM MARSHALL

Well, we certainly are progressing along the road to eventual blue cards and shame at a roaring pace! Here it is Tuesday of the fifth week, and already I'm getting inquiries from the profs asking whether I'll have the hand-engraved, gilt-edged, duralite number or the handy little economy size blue card. I wonder if those abortive attempts at blue books I naively turned in last week have anything to do with it?? Blue Book, that's a rare Kirghizian term meaning: If at first you don't succeed, try bribery! Or, in the words of the immortal poet laureate of Kirghiz: Candy is dandy, but liquor is quicker!

GAUCHO BITES DOG

See where the good ole Fresno Bulldog took another on the jowls from San Diego's Aztecs Sattidy last. We shall observe 39 seconds of reverence and bleeding from the temples while Miss Fillet accompanies on the console. I remember well (from what the sober ones tell me) that last game we had with Fresno over in the raisin pueblo. Those trips away from home are quite the thing. Why even a few of the fellas SAW the game.

We all piled into our late '02 model Stanley Steamer one morning, threw an extra five pounds of coal in the rear seat, and headed for Fresno. Three hours later after passing the south city limits (of San Jose, that is), we took over the lead of the SJS

caravan—our slightly toxic fumes having forced all of the other drivers over to the curb in a stupor.

Ah, but that was a good old car. We made it down to Gilroy and only had to stock up on rations, coal, and Blue Jay Bunion pads in the handy 38½ cent size (Zoot Mitchell's feet developed corns after pushing from Morgan Hill to the ceiling station at San Martin), three times. From there on in, it was an easy task . . . We all went bareback astride a moth eaten Bison maned Gus whose sister Buffalo Billie has taken Econ from Doc Poytress in the year 32 BC.

FRATERNITY ROW

In Fresno, we were treated as visiting royalty, but my mother sent ball, and we all got out in time to see the game. We again led the caravan past Fresno's fraternity row, where they gaily greeted us with shouts of huzza and good naturedly strewn our paths with flaming pitch and knee mortars.

Of course, the usual football fracas followed with some one of the two teams winning by some score or other. Then came the fight for the goal posts. Both sides took prisoners . . . I was shunned by both sides, and ended up by playing a couple fast games of Acey Ducey with a cross-eyed rattle snake who could rattle "Hall Spartans Hall" on his dorsal carillons. I love these trips. . .

Men And Maids And Stuff

By MAX MILLER

Today the one hundred and more musicians who daily blow the horn and bang the cymbal at pageants, processions, and programs crying the name of San Jose State college over the land will sit sadly on their base drum, grounded by a somewhat hazy edict from the front office.

Official reasons are official reasons and as far as the administration is concerned the case of the flat tire on the band wagon is probably a dead subject incapable of being resurrected. There remains however a growing feeling just among ourselves that a group which puts out honest effort at every performance has been let down by the fella in the driver's seat.

MATURE NOW

The final statement issued from officialdom contains three main points which can be summarized in three words, unwholesome, undue, and unprofitable. Something can be said for each of these but no enough to outweigh the fact that most of the members of the college band who would be making the six hundred mile trip to Santa Barbara are full grown men and women capable of accepting life's little responsibilities. The time has come to recognize college students as such and to forget them as the drunken undergraduates portrayed in publication of college humor.

Long have been known as a "fresh water college" and in spite of our most strenuous efforts, the battle to the top of the list of

widely recognized educational institutions is still to be won. Doubtless we won't win it with football games and confetti throwing but neither will we win if there is no one willing to stake our reputation on progressive and aggressive tactics.

TRAVELING POSTERS

A college organization, composed of talented and willing students that could represent us beyond our ivy towers in a most satisfactory way has been refused a chance to perform when the opportunity is at hand.

Banging and thumping upon the gates of Valhalla is to no avail. The vehicle of progress is running with one wheel on the side walk and we are getting no where. Sadly, we close. Oh, how come ya do us like ya do, do, do.

Take It Away, The Evil Stuff

LOS ANGELES, Oct. 28—(UP) If you have money to give away, don't try to pass it off down on Los Angeles' skid row.

As his role in a radio gag show, Frank Morehead was given 20 \$10 bills to be distributed among the shabby, bleary-eyed gentry who roam the flop-house area.

Four out of every five men approached today refused to take a bill. After three hours arguing and pleading, Morehead got rid of only \$10. He gave the remaining four notes to a Mission.

Jones Outnumbered By Smiths Here

To keep up with Joneses on Washington Square is not such a difficult task, because according to the files in the Dean of Women's office, there are only 16 Spartans named Jones enrolled.

The Smiths take the lead with 64, Johnsons, 48; Browns, 34; Martins, 24; and then the Jones with 16. Kings follow with 15, Whites 11, and Blacks 7.

San Jose is South Of Richmond, Va. Virginia, That Is!

Attention Senator Claghorn, and the little foghorns. For your information, suh, it is a definitely proved geographical fact that the city of San Jose is further south than Richmond, Va.

While it is true that Cosmopolitan (look it up, Senator, it's a five syllable word that means we are homogenous) (look that one up too) California northern boundary, the 42nd parallel stretches farther north than New York, most of the "Sunny" state's territory lies well below the boundary line surveyed by Messrs. and Dixon.

STRAIGHT LINE

This bit of information is only a fragment of what may be learned by a short scrutiny of the map of the State of California which is available to students in the Educational Reference room on the main floor of the Library.

You can walk in a straight line for 824 miles without leaving the state. The widest span from west to east (252 miles) starts at Santa Barbara on the west, and then in a northerly slant through Santa Barbara, San Luis Obispo, Kern, Tulare, and Inyo counties, ends somewhere along the Nevada border. (Southern Nevada that is Senator.)

TOO BAD SENATOR

California's narrowest section goes west from the "city by the Golden Gate" through San Mateo, Contra Costa, Solano, Sacramento and Eldorado counties to the shores of Lake Tahoe. Lake Tahoe is jointly shared by Northern (too bad, Senator) California and Nevada.

Cape Mendocino, Humboldt County, is the westernmost portion of the state stretching out to Hawaii from longitude 124° 20' West, at 114° west is Parker Dam, forming part of the eastern boundary.

INFO

History students will find data that may be useful. Also, those residents of California who are curious about their home country's statistics will find population charts on the map.

Store Grows Around Tree

HOUSTON, Tex. (UP)—A tree is growing in the middle of Cahlman's furniture store. The original owner of the property sold it with the proviso that none of the trees be cut down; so Norman Cahlman built his stor around the trunk, which extends through the roof.

DING DONG

WEAVER MEADOWS, COMMERCE PROF RINGS BELLS, BELLS, BELLS

By ABNER FRITZ

John Donne wrote:

"Any man's death diminishes me, because I am involved in mankind; And therefore, never send to know for whom the bell tolls; It tolls for thee."

Ernest Hemingway took this phrase, and developed a stirring book, and Weaver Meadows, San Jose State college commerce professor, took it and developed a hobby.

Mr. Meadows, has been collecting bells for seven years. It is a unique hobby, for as he said, "There are different kinds of bells, and there are different purposes and uses for these bells."

ALL KINDS

There are cowbells, camelbells, church bells, school bells, ship's bells, dinner bells, mission bells, chimes, and the most dreaded of all bells, the one that abides inside the mechanism of every alarm clock.

"Bells are used to symbolize joy and happiness. Sometimes to signify sorrow and bereavement. Most of the early settlers of our country used bells of one sort or another," Meadows said. "Most famous of all American bells, is of course the Liberty bell. Other bells were used to warn people of disasters such as floods, or of the approach of war-maddened Indians."

"Wedding bells are another variety, and these are now very much in evidence, although sometimes only figuratively."

WOODEN BELLS

Among Mr. Meadows' prize bells are a pair he received from a former student who spent part of the war in Burma. These are made of wood, and have a very clear tone.

"Several years ago when our country imported some Egyptian camels, these animals had bells attached to their necks."

One of the oddities of Mr. Meadows' collection is his lack of a ship's bell. After having spent four and a half years as a supply officer in the navy, he still does not possess a ship's bell, and would appreciate any offers or donations.

Exchange

By DEAN THOMPSON

Hardin-Simmons university reports that 91 of its students are transfers from other institutions. Included in the list of schools H-SU students have attended are: WSC, U. of Oregon, San Diego State, Stockton J.C., COP, Nevada, and Redlands.

It is being taken for granted in both Stockton and San Jose that the CCAA champion will get the "invite" to Fresno's Raisin Bowl.

Such is not the case, according to a sports column report in the Fresno State college Collegian. " . . . for this year at least it will just be a Western representative against an intersectional team."

" . . . Of course this does not mean that the CCAA champ couldn't get the bid this year. It merely means that it is not certain to get the bid."

Can't Get Autos; So They Fly

WASHINGTON, Oct. 27—(UP)

Private plane sales are booming, and the demand exceeds the supply, according to figures released by the Aircraft Industries Association. These companies had 34,000 unfilled orders.

September shipments, though far exceeding pre-war levels, were down by 240 planes from the August peak of 4,142. The decline was due to labor and material problems and in part seasonal.

The total value of September shipments PHDL \$11,112,000, exceeding the August figure, while the value, representing the manufacturers net billing price, of unfilled orders for the month was more than \$78,000,000.

September shipments included 875 Aernocas, 727 Pipers, 478 Cessnas, and 446 Ercoupes.

Spartan Daily Sports

THE HOT CORNER

By DICK FRY

Blazing Ben Winkelman, San Jose State football coach in '40 and '41, got back into the hearts of his countrymen with a remark at the San Jose-Idaho game.

Current backfield coach at the University of Oregon, and the number one man for Tex Oliver's job at the end of the season, Winkelman said he would trade the Ore-

BEN WINKELMAN

gon squad for San Jose Spartans if he could keep Jake Leicht.

Ben was scouting the Vandals for the Webfeet when he made the now famous remark. In addition to dishing out quotable quotes, he must have taken some accurate scouting notes back to Oregon. Last week O. U. remained in the undefeated ranks by dumping Idaho 26-13.

These Oregonians are certainly prone to praising Bill Hubbard's boys. Remember what Larry McKeel, Willamette half-back said about the Spartans after the season's opener? We wonder what Santa Barbara will have to say after Friday night.

Fresno State seems rather undecided as to what to do with their Raisin Bowl plans now that the Bulldog season has turned up with two reverses. The Oklahoma City University beating could have been written off on the basis that Mitchell and Kelley, the two Fresno aces, didn't compete, but how about the upset San Diego State pulled when they knocked over the favored Fresno eleven 7-0 last week?

The idea behind the Raisin Bowl was supposed to have been that the winner of the CCAA conference title would meet an intersectional opponent on New Year's day. Now that the red and blue is having a tough time, it looks as if the CCAA won't be represented in a bowl game this year.

Peach Landing OK

BOISE, Ida. (UP)—Linda Orr, aged three, leaned out a window too far and fell 17 feet—but everything is peachy. She plopped into a basket of peaches, and escaped with a cut on the cheek and a black eye.

DTO Upsets DSG 12-6 for Their First Loss in Six Years

Delta Theta Omega scored a tremendous upset victory over the classy and highly touted Delta Sigma Gamma team yesterday afternoon to the tune of 12-6.

It was the DSG squad's first football loss since the year of 1940. The DSG team scored first early in the game when lanky John Carey caught a short pass and ran half the field for a TD. The DTO's came back later in the same half and tied the score when Jimmy Payne caught a short pass over the goal line. Jack Marcipan won the game in the first half when he caught a flat pass and went for the final tally of the contest.

Both sides tightened up in the second half and neither team was able to score. Lou Martini, Marcipan, and Payne played outstanding ball for the victors. Bob Gager and Carey starred for the losers.

Alpha Pi Omega will play the Beta Chi Sigma fraternity this afternoon the Can Carlos turf at 4:30 o'clock.

Winter Drills J.V.'s On FSC Running Plays

The Spartan JayVee coaching staff sent their squad through a rough scrimmage last night which included many Fresno junior varsity plays. Coach Bud Winter also stressed his passing attack in case the Spartan ground offensive bogged down when the two elevens clash at the Spartan Stadium Friday night.

Quarterback Sam Lugonia turned in a good nights work by hitting his receivers under fire from the hard-rushing linemen. Bob Rittenhouse and Jay Parker also looked good during the practice. Fullback Rittenhouse tore through for long gains, while Parker turned in several tricky runs. Parker, a left halfback who recently joined the JayVees, was one of the Spartans standouts against the Fort Ord eleven.

According to the Spartan JayVee mentor Mervin Johnson, right halfback, Pat Felice, quarterback, Jim Waterman, halfback, and Lee Landrum are all slated for a busy evening against the Fresno grid-ders.

SPARTANS GET BY BYU IN GOOD SHAPE

Best news in the Spartan camp today is that the big gold and white grid machine apparently came through the Brigham Young encounter with nothing more serious than a few bumps and bruises.

Joe Juliano, scrappy little guard, was the most serious casualty Friday night, coming out with a bruised shoulder. However, Hubbard figures that he will be able to go against the Gauchos in the CCAA conference opener this week.

TANKMEN VS. OLYMPIC CLUB

Dick Anderson, who guards the scoring zone for the Spartan varsity water polo team, is apt to be a busy man when the San Jose Swimmers journey to San Francisco for a return game with the San Francisco Olympic club polo men tonight.

Anderson's splendid performance during the Spartans' last game with the Olympic swimmers was a contributing factor in holding the more experienced team to a two point lead.

Coach Charley Walker stated that he was well satisfied with his team's condition but said that his boys were apt to be on the bottom of the odds for a victory over the Olympic Club team, which is comprised of swimmers of long experience at the game.

FULLBACKS READY

For the first time in several weeks, the Spartans will be at full strength in the fullback spot with both Frank Minini and Allen Hardisty back in good shape.

Santa Barbara got off to an early start in league play this week, and will be winding up their CCAA schedule against the Spartans Friday night. Coach Stan Williamson's Gauchos are still looking for their conference win against the Golden Raiders/ and, although they have lost some tough ones this year, will go into the game slightly underdogs.

GAUCHO'S RECORD

Against the other three teams in the league, Williamson's squad has to date lost to Fresno State 20-13, San Diego 18-13, and COP 21-0.

Trainee's Earnings Must be Filed Soon

Every veterans who attended San Jose State college this summer under the G.I. Bill (P.L. 346), should fill out a "Trainee's report of earnings" and bring it to the Veterans' office by the November 5 deadline. E. W. Clements, coordinator of veterans' affairs, said yesterday.

P. L. 79, effective August 7, requires that all veterans, who have applied for, or are receiving training, make a report of their earnings.

Mr. Clements stated that vets who were enrolled in the summer session should have received the form by mail. Those who registered this fall were given the form registration day.

"Please make your report complete," Mr. Clements urged. "If it doesn't satisfy the Veterans Administration, they will mail you another form and request that you give a more exact account." Your subsistence check will be held up until you have met their requirements."

P.L. 346 allows a vet married or single to earn \$110 a month, in addition to his \$65 or \$90 monthly subsistence check.

LOST AND FOUND

FOUND: Parker pencil. Call Col. 8765W after 6.

Thrust and Parry

Following is a list of signees for the front page Thrust and Parry.

ASB 177, 2432, 619, 2218, 1666, 558, 4115, 4520 5171, 3313, 5181, 4747, 4047, 5063, 2162, 4923, 2405, 1029, 3660, 3809, 1601, 2001, 1823, 2350, 3847, 5461, 8971, 2142, 536, 700, 231, 142, 70, 1532, 502, 2036, 159, 4968, 42, 5281, 2222, 3083, 309, 2201, 4328, 872, 238, 5433, 2461, 3848, 4530, 4334, 3163, 13,4088, 1875, and 2896.

FACULTY COMMENTS ON CANCELLATION

(Continued from Page 1)

Anyway, he felt, the Jay-Vees deserved the recognition for this, their big game, that presence of the band would provide. "They play all season without getting attention from anyone," he reportedly said. "It would be a kind and sportsmanlike gesture to honor them with the band."

Dean of Men Paul M. Pitman echoed this point of view, declaring, "I felt it would be the sporting thing for the band to play at the Jay-Vee game. Why should we build up the Santa Barbara game at the expense of our own junior varsity playing its big game?"

"I proposed that the money which would have been saved by the band staying home should then be spent in doing something handsome for the band, and I so suggested to the music department."

Dr. Lyle Downey, head of the music department, said that he felt that the slip-up was due partially to the inexperience of both himself and Mr. Forrest Baird, band instructor, along the lines of clearing such matters through the San Jose State college social offices.

Busses were chartered for the trip by the band. Mr. Baird was in the process of clearing the Dean of Women's office faculty requirements for such trips as the proposed Santa Barbara visit, when the cancellation order was received.

Mr. and Mrs. Baird, Dr. Downey, and Mr. Thomas Egan had signified their willingness to accompany the band on its trip. The Dean of Women's office requires

that at least one woman be included on such a trip to chaperon the 21 women band members.

First aid, and helping with possible sickness is one of the main reasons that the Dean of Women requires that a woman accompany any mixed group.

It was Dean Dimmick's opinion that, by "unwholesome," Dr. MacQuarrie was referring to the strain such a trip would throw upon the participants' health. The band was planning to leave San Jose at 9:00 Friday morning; appearing during the game in Santa Barbara, and return the same night. They wouldn't arrive back in San Jose until sometime Saturday morning.

Santa Barbara will be the first conference member to receive the attention of the Spartan Golden Raiders.

Bob Reid, drum major, has indicated that he feels that "the President's action is an injustice to the band's hard work to furnish the school with a band of which it can be proud."

An aroused marching band was active yesterday in attempting to have Dr. MacQuarrie rescind his decision, but was unsuccessful.

Funds had been allocated to the Music Department for such activities as that department might engage upon, they hold. At the Student Council meeting two weeks ago the budget was approved. In that budget the Music department was given \$2000.

Although the trip would have cost \$900, which would include meals and transportation, it was figured in the budget and had received the approval of the Student Council.

When Marty Taylor, ASB presi-

dent, was informed that the band wouldn't be able to travel to Santa Barbara he said that he was disappointed. "I would like to see the band go to Santa Barbara," said Taylor, "because it seems to me that the trip would be an award for all their efforts."

"This is the only trip of any real significance that the band will get to take," continued Taylor. "Of course, they will go to Stockton, but everyone will be there and this Santa Barbara trip seems to be the band's reward."

"As a compensation for losing this trip," announced Taylor, "the Student Council will look into the possibilities of sending the band to San Diego."

A Thrust and Parry expressing the opinion of the 58 signing students is printed elsewhere in today's issue. The Band Council, governing body of the marching band, has taken no official stand on this matter.

Classified Ads

WANTED: Boy, age 16, or older, to deliver morning paper route (to drive scooter). If interested, leave details in Contributions box addressed to "Morning paper advertiser."

FOR SALE: New navy foul weather jacket; heavy wool lined; size 42. Bargain. Leave name and address in "H" box in Coop.

CCF Meet Today

A business meeting for officers and members of the Collegiate Christian Fellowship will be held at 12:30 today in room 21, announces Dave Fraley, CCF president.

All officers and chairmen are asked to attend the meeting. Mrs. Harriette Stafford, Inter varsity Christian Fellowship's staff member for the state of California, will also be present. Mrs. Stafford will be visiting the campus all day today and she will be glad to speak to anyone wishing to know more about IVCF work.

Enrollment Up In Photo Classes

Photography majors have nearly double last year's total, Mr. George, professor of photography, announced yesterday.

Since the college doesn't offer an AB in photography these majors are all two year technical students. There were 17 enrolled as majors last year and 31 have signed up for this year.

There are three lab and lectures this year to accommodate 72 students which is a record enrollment for the course.

The photography department has 24 dark rooms and, usually only hold two lab sessions, which accommodate the normal load of 60 students.

It is a required course for majors in the following fields; journalism, commercial art, police, and aeronautics.
